

Application to Initiate ITM Student Community

Respected Dean,

We request approval to establish a student-led community at ITM with the following objectives:

- **Support first-year students and newcomers** by providing development knowledge and guidance.
- **Offer certification courses** for students eager to grow their skills and career prospects.
- **Engage students less inclined toward CSE/AI** with simple tasks and foundational activities, helping them build confidence and future opportunities.
- **Create a collaborative culture** where students across different interests can share knowledge, work on projects, and grow together.

Key Benefits (Concise)

- Tailored learning paths for different student needs.
- Stronger foundations and skill growth.
- Improved career readiness and opportunities.
- Inclusive and collaborative environment at ITM.

Conclusion This community will serve every student according to their requirements, ensuring growth, inclusivity, and alignment with ITM's vision. We kindly seek your approval to launch this initiative.

Sincerely,

HARSH DEVRE [23C22009]
